

BEST ABA THERAPY CENTRE

ABC (AUTISM BEHAVIORAL CENTRE)

An Invaluable Investment For A Child's Future

The best in the field of ABA in the country, ABC (Autism Behavioral Centre), has been providing international standards of intervention for children with behavioral and learning challenges through the implementation of PaTTAN (Pennsylvania Training & Technical Assistance Network) developed by Dr. Amiris DiPuglia and Mr. Mike Miklos. ABA is the gold standard of intervention with over two decades of longitudinal studies and research to its name. It has proven effectiveness in preparing and socializing children with autism spectrum disorder and general developmental delays into mainstream schooling, equipping them with skills to thrive. ABA therapy primarily addresses speech delays, behavior challenges, social challenges and preparing a child for mainstream education, all through the science of reinforcement. ABC is well-known for its generous therapists who share their time and resources, giving their all for the best outcomes for children and their families. All therapy programs in ABC include daily updates in therapy, weekly parent trainings and monthly progress meetings. ABC is supervised by a Board Certified Behavior Analyst (BCBA), thus ensuring the high integrity of services, as required by the Behavior Analyst Certification Board (BACB).
